Яготинське для дітей

Yagotynske for Children is a branch of Yagotynsky Butter-processing Plant and is unique, separately built plant, specializing in manufacturing dairy products for children. It is equipped with the modern machinery from the worldwide recognized manufacturers. The plant produces full assortment of dairy products for infants, aged 6 months and up.

It is situated in township Zgurivka of Kiev region, not far away from Yagotynsky Butter-processing Plant, which has been producing exclusively natural, healthy dairy products of the highest quality for over 55 years. The plant is situated in natural area of Zgurivskyy arboretum (325 hectares), which is a state park-memorial of landscape architecture and one of the biggest arboretums in Ukraine.

Branch of Yagotynsky Butter-processing Plant Yagotynske for Children is a member of group of companies Milk Alliance – one of the leaders on the Ukrainian dairy market. This ensures great quality, taste and nutritious characteristics of the products which meet the highest standards in the industry.

Yagotynske for Children dairy food is produced using unique recipes and takes into account children's flavour preferences. Only natural farm milk of the highest quality and natural fruit, vegetable and berry fillers are used. Technological processes exclude adding any preservatives, synthetic colorants, antibiotics and other harmful food supplements. Products with fillers contain no sugar and use only natural fructose as a sweetener.

After delivery to the plant, all raw materials undergo strict multilevel quality control. Every batch of end product is a subject to quality control, too. Food safety and quality management systems are certified to comply with the requirements of ISO 22000:2007 (cert. № UA.MQ 166-HACCP-339-13) and ISO 9001:2008 (cert. № UA.2.166.08240-13) respectively.
