About Forum

Kyiv International Economic Forum (KIEF) is a permanent international platform where experts together with international businesses and governments try to solve key issues that are on the way to the development of the Ukrainian economy, define the strategies to implement the best international practices, and build new partnerships to promote international trade and global investment.

Organizers

Ukrainian Association for Innovation Development (UAID) unites leading international and national companies in the spheres of IT, hi-tech, machine building, microelectronics, energy efficiency, science, education, etc. UAID's mission is to create favorable conditions for hi-tech business in Ukraine.

www.uaid.com.ua

K.Fund -- Vasyl Khmelnytsky's fund that was founded in 2015 to support projects in education and the economy. K.Fund's mission is to give keys for development and self-fulfillment, provide opportunities for new knowledge and skills, encourage discoveries and promote them to a new level. K.Fund opens the way to dreams.
