BAKERY PRODUCTS

Bakery product group is presented by classic rye bread and European baguettes product lines.

All products are manufactured using shock freezing technology. Defrosting time at open production area is from 20 minutes to 2 hours, depending on the type and size of the product. Shelf life under -18°C is 12 months.

Products can be 90-95% ready, followed by finish baking at $180-190^{\circ}\text{C}$ during 2-3 minutes, and 0% ready (semi-finished), followed by baking at $200-220^{\circ}\text{C}$ during 20-30 minutes.
